## ***Bora Bora***

### **Blue Heaven Island Resort**

Blue Heaven Island sits between the deep blue Pacific and the crystal clear Bora Bora Lagoon. This beautiful, small island (motu) accommodates a total of ten guests in authentic Polynesian huts, providing a laid-back, rustic repose for all who stay. We always aim for simplicity, utilizing solar power for our electrical needs, ceiling fans for our air conditioning and a lagoon of magnificent waters for our pool.

Our five charming bungalows are based on classic Polynesian architectural elements, with pitched thatched roofs and walls fashioned from coconut fronds.

These authentic structures evoke the spirit of French Polynesia in as idyllic a setting as you could ever imagine. Ceiling fans complement the ocean breeze through your bungalow and all rooms have private bathrooms and showers.

Our traditional honeymoon beach house sits upon stilts just above the lagoon and provides the perfect spot for enjoying the magnificent surroundings. We offer a fine assortment of French wines that are sold by the bottle. Our kitchen is very adept and offers delicious breakfast, lunch and dinners. Vegetarian dishes are also available. You'll find a well stocked grocery store there as well. Since we use solar panels as our primary means of power and captured rainwater for our non-potable water supply,

we ask each of our guests to keep their consumption to a moderate level. Internet access is also available for a small fee based on weather conditions.

Our paradise offers a number of activities. The snorkeling and scuba diving is exquisite. Grab your masks and fins and step into a lagoon populated with colorful tropical fish, unspoiled coral reefs and sometimes even manta rays. Skim the waters with a kayak and paddle around to the many small lotus (islands) dotting the area. The more adventurous travelers can take an excursion to the other side of the reef to swim with sharks (blue, lemon, and black tip. Don't worry, they don't want to eat you).

You can also take a trip to an enclave to feed a gathering fever of stingrays. With its extinct volcano, Bora Bora is the area's stunning main island. Trips are easily arranged for those looking to discover its beauty.

Because of our remoteness we offer a package where we can drop you off at the Bora Bora airport so you can catch it's hourly shuttle to the main island. This gives you the opportunity to shop, explore, and view the beautiful island of Bora Bora at your leisure.

Visitors' perennial favorite activities at Blue Heaven Island tend to involve the simpler pleasures. We have a second story patio overlooking our private lagoon where napping and relaxing are expected. Hammocks and lounge chairs dot our beach and the nighttime stargazing is better than any movie you have ever seen.

You will need snorkeling gear, (mask, snorkel & fins) and don't forget thick water socks for walking on the coral which is sharp.

We can arrange scuba diving, jeep and lagoon tours on the main island.
